QUALITY IN PRACTICE

QUALITY ENABLERS

- We have understood that quality is a result of multiple contributors. If set right the end product and service quality is also of the expected Quality.
- We have an established Process to ensure ;
 - Right Materials
 - Technically competent people
 - Correct Methodology of work
 - Regular Inspection and Timely Correction
 - Effective Coordination and Timely resolution

QUALITY FIRST

Being Quality Conscious and Being consistent at that, is our USP

QUALITY RM

The correct and consistent quality of Raw material is a stepping stone to consistent Quality Concrete

TIMELY CHECKS

There is extensive check on Concrete before and after dispatch to ensure the concrete meets the intended specification

EXTENSIVE R&D

Our Extensive R&D is helping us in providing value added services to our customers

TRAININGS

We conduct fortnightly trainings for our employees to equip them with ever changing dynamics in the industry

During the COVID Crisis, where many projects are having limited manpower, We offer a range of SCC mixes to help mitigate the requirements of large numbers of workers to help place, compact and finishing concrete
